

LOAN FORGIVENESS

NURSE Corps Loan Repayment

The NURSE Corps Loan Repayment Program supports registered nurses and advanced practice nurses by paying up to 85% of their unpaid nursing education debt. In return, participants serve for at least two years at a health care facility with a critical shortage of nurses or at an eligible school of nursing.

Federal Perkins Loan Cancellation and Discharge

Federal Perkins Loan cancellation is based on your eligible employment or eligible volunteer service and the length of time that you were in such a position. Discharge of your Perkins Loan may occur under certain circumstances.

Public Service Loan Forgiveness (PSLF)

The PSLF Program forgives the remaining balance on your Direct Loans after you have made 120 qualifying monthly payments under a qualified repayment plan while working full time for a qualifying employer.

State Loan Repayment Program (SLRP)

The SLRP provides cost-sharing grants to states and territories, allowing them to operate their own loan repayment programs. Eligible disciplines, practice sites, length of required service commitment and the amount of loan repayment awards offered may differ by state or territory.

Indian Health Services (IHS) Loan Repayment

The IHS Loan Repayment Program provides funding to clinicians so they may repay their eligible health profession education loans – up to \$40,000 – in exchange for an initial two-year service commitment to practice in health facilities serving American Indian and Alaska Native communities.

Total and Permanent Disability (TPD) Discharge

A TPD discharge relieves you from having to repay a loan from the William D. Ford Federal Direct Loan Program, the Federal Family Education Loan (FFEL) Program and/or the Federal Perkins Loan Program.
